

**Department of Pre-University Education**  
**ANNUAL REPORT 2015-16**

Pre-University is a very significant stage of learning. It lays foundation for education and better personality development. It plays important role in helping students to select various professional courses. Higher education today is at the reach of majority. Pre-university department includes all Government, Aided and unaided Pre-university colleges in all respects like administrative, academic and examination point of view.

**Academic Activities:**

Pre-university department has academic section, which is headed by joint director (Academic), various programs/activities have been regularly chalked out under the supervision of the Director. This section Consists of two assistant directors and three section officers. The important functions of this section are as follows:

**I PUC ADMISSION PROCESS:**

The number of students being admitted to PU classes is increasing year by year. It is a very welcoming fact that majority of students are continuing their education. To encourage students to select the college according to their merit and aptitude the department has prepared uniform admission guidelines and at this same time instructs the colleges all over the state to follow these guidelines As a result there is impartiality and transparency in the admission process. Moreover, insisting the department is insisting the colleges to follow reservation norms strictly.

**TABLE: 1**  
**Student's strength for the past five years.**

SL N O	YEAR	FIRST PUC	SECOND PUC
1.	2011- 12	5,75,673	4,30,625
2.	2012-13	6,25,542	4,80,268

### TRAINING:

It is generally acknowledged that promoting Lecturer quality is a key element in improving higher secondary education in any country. It is a proven fact, now, that systematic in-service lecturer training improves the quality of PU education programs and promotes students development. So systematic in-service

training, over and above lecturer's formal education and experience, is a predictor of educational program quality. Without a doubt, one of the primary goals of the training policy of the PU education is to have a *“highly qualified and trained lecturers in every classroom”*. The PU Education has been engaged in in-service training of Lecturers and Principals as a part of its mandate for the last decade. These are conducted throughout the state to support continuous professional development of the lecturers and the Principals.

1. Since Department introduced new curriculum/syllabus in all 34 subjects as per NCF-2005. Training programs were conducted in 12 subject at Divisional/ District/Cluster level for all 9825 Govt. PU college lecturers during 2015-16.
2. Mathematics Lecturers were deputed to attend a special training programme for *“Teaching mathematics using GEOGEBRA”* Organized by Regional Institute of Education (NCERT) at Mysore.
3. Biology Lecturers were deputed to attend a special training programme for *“Development of ICT based TLM”* Organized by Regional Institute of Education (NCERT) at Mysore.
4. One day training programme were conducted for 911 Principals in 8 districts on *“Administration and Academic Delivery”* with the help of Acharya college.

**New colleges started in 2015-16:**

Since the number of students being admitted to PU colleges is constantly, increasing the Government is following liberal policy to provide permission for new unaided pu colleges. The president's 11-point program is encouraging to start new science colleges. In recent years, many new Unaided and Government PU colleges have been sanctioned. The details are given in the following tables:

### **Sports activities:**

Department of Pre-university Education is conducting various sports activities for the students between age group of fewer than 19 years for the past 16 years. Every year starting from the college level to the state and the national levels various sports events have been conducted. State level winners/ winning teams have been sent to the national level sports. Moreover, the state level winners/ winning teams have been sent to various national level sports meets conducted in different places/states.

In the year 2015-16, our students have won 76 medals at the national level sports. The details are as follows:

SL No	Name of the Event	Gold	Silver	Bronze	Total No. of Medals	Place
1.	Kabbadi	-	-	01	01	3 <sup>rd</sup> place
2.	Swimming	18	04	-	22	1 <sup>st</sup> place

14.	Takewondo	-	-	02	02	
15.	Judo	02	01	-	03	
	Total	38	18	20	76	

In addition, our department is giving away cash prizes also to sports talents i.e.. Rs: 20,000 - First place, Rs: 15,000 - Second place, Rs: 10,000 - Third place. Totally our department is giving due importance to co-curricular activities which are necessary for students to pursue better education and to develop overall personality.

The Karnataka (under-19) teams represented by pre-university board have won 38 Gold medals, 18 Silver medala and 20 Bronze medals and 76 medals. The Karnataka Swimming team members are the overall champions.

### **National social service (NSS):**

National social service (NSS) program has been introduced in the year 1969 on birth centenary of Mahatma Gandhiji. This program has been started in order to inculcate social responsibility among the students.

However, NSS program has been started in PU colleges in the year 1978-79. Initially this program covered only 2000 students but at present, this program is introduced in all districts and in 780 PU colleges. As many as 78000 student NSS volunteers (both boys and girls) are working under this program.

In the year 2015-16 under NSS program the two important activities have been conducted they are as follows:

**1. Daily activities:**

Under this activity, every student volunteer has to render 120 hours of service in a year. This type of activity can be taken up in college premises or slum area or in any backward village. A student volunteer is expected to work in coordination with a village panchayath, youth organization etc.

**1. Special camps**

Every PU College having NSS wing has to conduct 7-day camp especially in slum area, in an adopted village, or in any backward village every year. During camps NSS volunteers normally take up activities like plantation, rain water conservation, play ground/toilet construction etc.

Through this program it is attempted to create awareness among the students regarding environment consciousness, literacy program, teenage problems, social service, nation building, health and sanitation, conservation of water, solar energy, rural employment guarantee program, fundamental rights, significance of blood donation understanding our constitution etc.
